months for - The Grand Opening of Turfs. There were many NO TURFS - NO PEACE protests for ages before this event. So, after what seems like forever, high-quality Turfs arrive at last!! As we waited outside, frantic ESPing was going on, reporting the latest number of ghosts ... 180 ... 190 ... 200 ... 280! Wow! Could the clouds really hold that many??

At 7pm WAT on Friday, 26th April (03:00am for us English!) the Oracles were scheduled to open the Turf building. At 7:05, Oracles Vaserius and Teresias appeared. (Late as usual! <G>). Oracle Uni was nowhere to be found, but probably came later (I rushed off to buy a Turf!).

Teresias said the magic words, waved his staff, and a creaking door sound was heard throughout the DreamScape! I realised the door was no longer locked and, still ghosted, passed through. Everyone went to the right (!) but those who had taken the time to read the documentation knew to go left. There were 200+ ghosts and it took me 1/2 an hour to deghost and 10 mins for my co-owner to de-ghost!

I'd already bought some spray and went about designing my Turf. All we need now is some furniture (Any of the WA Team reading?) and Turfs will be brilliant. Currently, Turfs are superb and we'd all just like to say this to the WA Team :

THANK YOU! THANK YOU! THANK YOU! THANK YOU!

So, in the near future we might see "No furniture - No Peace!". We're never happy, eh?

The Editor Speaks... by Acolyte Rosaleah

The long-awaited apartment building has arrived, and the building manager hasn't been able to get back to his computer games since! We hope everyone has been creative with their turf names, which act like passwords to their private spaces. Although no guests can enter a turf in which at least one leaseholder isn't home, a name more creative than the default 'chez {avatar name}' gives you a chance to set your new turf to allow no guests until you're ready to invite your friends. It's also good to remember that ghosts, who have no hands or pockets, can't steal. ;)

Creativity doesn't stop at the Naming of the Turf, either! With some spray cans of turf paint bought at the V-Mart (5 uses each, only 25 tokens), you can have a very colorful home indeed. Even the exit sign can be painted by itself (have you tried the rainbow paint on the exit sign? on the door in a 4-room turf?).

We haven't been able to find a furniture store yet, but even so folks have gotten very creative indeed in furnishing their places with the items they already have or can purchase now from V-Mart. We visited Artema's turf recently, just as one for instance, and found a wonderful supper table set and ready for two diners, complete with a turkey dinner! A little imagination (open trunks make wonderful chairs and tables) and some precision placement is all it takes.

What I find most fascinating about turfs, though, is the invisible 'graffiti' that can be left on the walls, floors, doors, and even the exit signs! Why should an exit sign say 'To Elevator' when it can say 'Hurry Back' or 'Glad You Could Visit' or the ever-popular 'This Way to the Egress'? If you're sharing your turf, you could click on a wall to find a message left by your turfmate. Or you can write messages for visitors to read. And you can give each locale in your turf its own name! (Remember, though, that changing a locale name isn't the same as changing a turf address! If you want to change the name of your turf, you need to speak to the building manager!)

So, oh my, after all this creativity and writing messages and changing locale names, what if you've forgotten the name of your turf, which *used* to be splattered all over your turf locales? You did write

your turf name down, didn't you? You did but you lost it? Well ... if you're in your turf, or if your turf is your 'home' so that you can go to it by clicking on 'home' at the elevator, you can discover your turf name by clicking anywhere in your turf and finding out when the rent is due. The message you receive will include the name of the turf.

We hope everyone's having fun playing in their turfs! Don't forget to pay your rent (you can prepay up to three months ahead)! And come on out now and then to let us know what creative things you've done with your own personal Phantasus space!

// Letter to the Editor: Encanto from Cassandra Kane Dear Editors,

One day last week I was walking through town and at the Magic Shop I happened upon Encanto. After giving me a sweet compliment he gave me a beautiful vase of roses and disappeared! 'Isn't he nice?' said Quiet Winds (it was Quiet Winds, wasn't it? I was a bit distracted) who was there too, holding another vase; I guess Encanto had just given one to her as well. What gorgeous roses! My modest studio turf is wonderfully enhanced by their presence. On the principle that giving avatars ought to receive as much publicity as taking ones, I offer this public "Thank you, Encanto!"

Cheers,

"Cassandra Kane"

//	Letter	to	the	Editor:	Where's	Pookie?	from	Anais

Dear Editors,

Help! I was in WA on Thursday, May 2nd around 5pm WAT. I was in the lobby area waiting to get on elevator #2 as I was going to play CHAOS. Mind you my computer is very slow (486dx) and I often crash in the elevator area due to the large number of avatars. Anyway, I was just standing there with my baby bear Pookie and all of a sudden he was on the floor! I did not put him there, I did nothing but just stand. Before I could do anything he was gone! (F4). I then awoke / crashed shortly thereafter. When I could finally return to the Dreamscape, I checked my pockets, but alas Pookie was not in there.

If anyone found Pookie I would gladly pay a small reward. I spoke with Acolyte Milen about this matter, and she said that she would speak to an Oracle about it. I just want Pookie back!

Please warn avatars with slow computers about carrying valuable items in crowded areas. I dont believe that anyone could steal anything out of your hand. It was just a freak occurance. I am just sorry I lost Pookie.

Thanks! Anais. (102315, 1122)

**Note: I'm sorry you lost Pookie, too. I hope someone finds and returns him to you. In fact, I'll add a small sum of tokens to the reward upon Pookie's return to you and your confirmation that Pookie is safely back home.

// Letter to Everyone: An Un-Engagement	from Mivo and Nicci

Everyone,

The engagement of Nicci and Mivo has been broken off and the wedding date that was set for June 22nd has been cancelled. We wanted to post and get the word out before the rumours start flying. The reason is that we talked and came to the conclusion that it was better for both of us to just be friends. Sometimes it just happens with a relationship that the love turns into friendship.

// Menolly's Puzzle Corner by Menolly

MENOLLY'S PUZZLE CORNER

First, the answer to last week's puzzle.

7.30am	Mr. Goodcheer	Breakfast scraps	"Top Cat"
9.00am	Miss Allhart	Warm milk	"Sweep"
12.noon	Mrs. Lavish	Cat biscuits	"Scruff"
5.00pm	Kindley twins	Pet food	"Tommy"
9.30pm	Mr. Fildish	Cold meat	"Catkins"

The Kindley twins feed "their" cat at 5.00pm (clue 2), and "Sweep" was fed at 9.00am (clue 5), so, from clue 3, Miss Allhart's house cannot have been visited at 7.30am, noon, or 9.30pm. Therefore, our hero must have visited her at 9.00am under the name of "Sweep". So, from clue 3, 12 noon was the hour at which the cat biscuits were consumed under the pseudonym of "Scruff". We know that they were not provided by Miss Allhart or the Kindley twins, while Mr. Goodcheer uses the name "Top Cat" (clue 4), and Mr. Fildish provided the cold meat (clue 6), so it must have been Mrs.Lavish who gave "Scruff" the cat biscuits. We have now matched food, or a time to 4 people's names, so it must have been Mr. Goodcheer who laid on the breakfast scraps at 7.30am (clue 1). By elimination, the 9.30pm feed must have been provided by Mr. Fildish. He does not use the name "Tommy" (clue 6), so he must call our friend "Catkins", and "Tommy" must be the name favoured by the Kindley twins. They did not give "Tommy" warm milk (clue 2), so they must have bought him pet food, and the warm milk was contributed by Miss Allhart.

This week's puzzle follows:-

Here are 9 words which have something in common with each other. What is it?

Brandy	Chastens	Craters
Grangers	Pirated	Scampi
Stores	Swingers	Tramps

MARKET RESEARCH!

The puzzle corner has been running for several weeks now. I would like to know if anyone out there is actually doing the puzzles, and if so, what is the general opinion. Could any interested parties please e-mail me with the following answers:

- 1. What sort of puzzles do you prefer?, eg. word, mathematical, logic etc. etc.
- Are you finding the puzzles in general

 a) too easy,
 b) too hard,
 c)about right

I am also considering offering a small prize for the first person to e-mail me with the correct answer each week. This decision will be based on the response I get to the above questions.

Thank you for your time.

// Announcement: Duckolyte Name Changes by Brains, Wing Commander

Many of you have started to notice some name changes happening with the Duckolytes. Let me briefly explain.

The Duckolytes are in the middle of a major restructuring to allow them to be stronger and more effective as a group in Kymer. The name change is just one small part of it. The names are more Duck-like and will give us some level of uniqueness in our titles in Kymer. I think many groups have used Chief and ARCH titles (our titles since November), and we wanted to be unique like we once were. In the new structure, fun is a primary focus while still maintaining the values we hold so dear, like supporting the community. Next week's issue of this paper will describe in detail what those changes are. We are just adding the finishing touches to our Constitution and bylaws, and will upload those to the forum at the end of next week.

The name changes are as follows;

Instead of Arch Duckolyte Brains ... my new name is "Brains, Wing Commander" - this is the only postion without Duckolyte in its name. But I think everyone knows I am a Duckolyte by now. <g>

Instead of Senior Chief Duckolyte <name> ... the name is "<name>, Duckolyte Sr Wing"

Instead of Chief Duckolyte <name> ... the name is "<name>, Duckolyte Wing"

Duckolyte <name> will stay the same

In addition, we are promoting some Duckolytes to fill key roles to insure the success of the Duckolytes. Please join me in wishing them the best. We will publish these names with the appropriate responsibility next week, but you will know who they are by the titles they have based on the list above. _____

The Dreamscape's first live hippie concert will be happening later in May.

// Report: Duckolyte TriviaMaster Brains, Wing Commander

Duckolyte TriviaMaster declared a new monthly Champion on Sunday, April 28. Our new champion, Julie S., received the honors by winning a specially engraved Tulip Head. She was able to lock up the championship without even being present at the event. She had to be out of town on the final week of the Championships. Other monthly honors went to Jadelin, who won a Frost Elf Head for taking second place, and Tex Willy Wonka, who won a Gingerbread head for taking third place. Congratulations to the monthly winners!

The final week for TriviaMaster got off to a tough start for the host. The big concern was getting back from the Gathering in time to host the event. That was not a problem. It was one of those nights when node stability was a problem however. It took me quite a while to finally stablize a connection, and once that did happen, I crashed repeatedly. Somehow, the loyal followers hung in there thru the whole game. We had the normal size group of about 40-60 throughout the event.

This week's winner showed their expertise on "animals". Taking top honors for the week was Myrddin. The prizes and winners were as follows:

1st Place: Myrddin - Rare Colored Rose Head with matching paints, and Heart Chest 2nd Place: Izabella - Rare Colored Lacey Head with matching paints, and Heart Chest

3rd Place: Mindy M. - Rare Colored Duckhead with matching paints, and Heart Chest

4th Place:

Yayvee - Choice of either Fern or Vase of Roses (flowers)

Please join me in congratulating all the winners in a job well done.

This week's topic is "Potpouri", a collection of various questions from all topics. Duckolyte TriviaMaster is held every Sunday at 7:00pm WAT. The event has been moved to the main Duckolyte Turf, "Duck Hunt". When you are looking for a Duckolyte, go to the Hunt!

A note I might make about Worlds of Fortune is that NO DOWNLOADS are required and there are NO ENTRY FEES. The rare painted Rose heads have been very popular. The champs get a choice of 300 Tokens or a rare painted Rose head plus the body spray that matches. If you win, please be sure to stay around for the championship rounds.

The ghost championships will be held before the start of our regular game next week.

Thanks again to our contestants and hosts who made this game a success!

// Report: Duckolyte Ghost Racing by Brains, Wing Commander

Sunday, April 28th marked the finals for Duckolyte Ghost Racing. It also marked the first time that this host ran the game from another location. The event was hosted from the Gathering in Pennsylvania, using Sunray Ann's computer. This gave many people a chance to see it from the host perspective. It also resulted in less false starts than ever before. I guess it helped that the racers knew others were watching. <g>

A new Champion flew to the top. LumMoose, Duckolyte Wing, became the monthly winner. He won a very valuable Tulip Head engraved by the Oracles for the occasion. LumMoose locked in the monthly championship by winning the first two races. Congratulations to LumMoose for a job well done.

The results of the individual races were as follows:

1st Race:	LumMoose won a Horseshoe
2nd Race:	LumMoose won 50 tokens
3rd Race:	Unga-Bunga won Flowers (Roses in vase) at the box race
4th Race:	Chris Storm won a Fern at the other box race
5th Race:	Unga-Bunga won a pipe
6th Race:	Cyclotron won a valentine
7th Race:	Duckolyte Chris Brown won a rare gold duck head at the
	screen race
8th Race:	Szivarvany won 75 tokens
9th Race:	Chris Storm won a lantern
10th Race:	Szivarvany won a Lacey Heart head at the Head Races

11th Race: Cyclotron won 100 tokens

Sunday, May 5th, marked the start of a whole new month of Ghost Racing. Everyone has a chance to qualify for the Monthly Championship prize which will be available at the end of the month. Please come and join the fun. Everyone is welcome! Rules are explained at the races each week. The races are held every Sunday at 7:00am WAT. Races will now be relocated to the main Duckolyte Turf, "Duck Hunt". When you are looking for a Duckolyte, go to the Hunt!

//Report: Monday Ghost Racing by Acolyte Serena

First night of racing in the new location! Remember, the Monday Ghost racing (5PM WAT) and Friday races (11AM WAT) are all being held at the new gaming turf named Dreamland. Hope you enjoy the games there. The entrance if for ghosting, and the next room is for those in need of sorting your pockets. It's set as a changing room, one avatar, no ghosts, we'll tell you before hand if we change the settings for a game.

First game, the results did not really count. It was on Monday the 29th of April, and was a cloud race special.... which occurs every time there are five Mondays or Fridays in the month. Due to a system crash at game time, we played a tad diffrent, but those who had not won, got their chance.

Winning two races were Piemur for 50T and a Candy love heart, Spirit Warrior for 50T and a bouquet. Winning one each were Tom Brainwave, a candle, Passion won a fern, Daz Dogg won 50T, Happy Slappy won Non-Vendo Red paint, Actionizer won a Non-Vendo Green Rose head, Golden Flower won 50T, Darkhorse won 50T and SR Mage CyberMage won 100T.

We probably would have had a better turn out of non-winning players, if it had not been for the system crash. As it is, the game was held up for half an hour, and we ended up with equal parts of cloud racers and previous winners. Hope you like the picture of SR Mage CyberMage receiving his head for the win at the races, and Actionizer finally collects his head from his win in Feb. They can be found in the gifs titled GR0496.GIF and GR0296.GIF LATE NOTE: I was able to give Julie S. her winning head from the fine performance she turned in in April for ghost racing. This makes Julie S. our first ever Female Monthly ghost Race champ, Yea Julie S.!

The races start fresh on Monday. IMPORTANT NOTICE!!!!!! - Due to a conflict of times and computer problems, there were no ghost races on 3rd of May. To insure that the Friday racers do have four races this month to earn those points, the cloud race special will NOT be held on the 31st! Therefore, points will be accumulated during the races on the 10th, 17th, 24th, and 31st with a raceoff, if neccesary, on the

31st to award the monthly champion status at that time for the Friday racers.

// Report: CHAOS,	Inc.	by Marianne G

Don't forget! CHAOS, Inc and Monday and Friday Ghost Races are now in the turf named Dreamland. Drop by to play. CHAOS, Inc is at 5 PM WAT every Thursday night.

At CHAOS this past Thursday, (May 2nd) we had our first game in the new location. We played 20 clues, and I had lots of fun. I tell you, I have to make them much harder it seems. For those who couldn't come, lets see if you can solve these clues:

For a person: For a Person: I've killed Kings and princesI have a royal titleI lived in the 16th CenturyI was part of a famous stake outMy Puck was not used for hockeyI am a real sucker I've killed Kings and princes

For a thing: I can be a body, but I have no shape If I'm overworked, I burn out I don't jog, but I often run I start with 2 H's and end with an 0 If you turn me on, I'll get hot

For a place: I touch the Mediterranean and Red Seas Several US Presidents have made I made Alexander the Great greater Some say I've caused too many dam problems for Israel

For a thing:

I do my best work in the dark

For a thing: speeches before me speeches before me I hear lots of German People use to hate me, now everyone wants a piece of me

My favorite was the Ozone Layer, and I was surprised when Meridien and JayVee got it on the first clue! Winning at the game were Sir Launce, Bud Drakir, Aunt May, Necrolyte SKY TOWER, and Kira. In third place were Meridien and Piano Man, in second was JayVee, and in first was Piemur.

Oh, you want to know the answers? William Shakesphere, Count Dracula, water, light bulb, Egypt and the Berlin Wall.... see, easy, right?

_____ // Report: FRIDAY GHOST RACING by Acolyte Serena _____

Due to connection problems and work schedule, the races on May 3rd, Friday, were not held. To insure that the Friday racers do have four races this month to earn those points, the cloud race special will NOT be held on the 31st! Therefore, points will be accumulated during the races on the 10th, 17th, 24th, and 31st with a raceoff, if neccesary, on the 31st to award the monthly champion status at that time for the Friday racers.

As a reminder, for those who have not taken the time to read GHOSTG.TXT in the Forum, Worlds Away Life section of the library, there is a limit of TWO ghost race wins per week per person! And yes, this includes your alternate avatar. We ask that you all be fair, and give everyone a good chance to compete and score at these events. The limit is imposed not only on the races on Monday (at 5 PM WAT at turf named Dreamland) and on Friday (at 11 AM WAT at turf named Dreamland) but also for the races on Sunday hosted by the Duckolytes at their turf. If it is found that you are knowingly using your alternate and depriving others of a chance at winning, actions will be taken to bar you from the games.

// Announcement: The Dating Game	by Marianne G			

The Bloodline is helping me to bring the Dating Game to Kymer... we hope to have a minimum of two Bachelor/ettes with each needing three of the opposite sex to vie for a date with them. The Bachelor/ettes that will be asking the questions, will not be known until introduced, and the three answering questions, will be kept in a seperate locale with the answers being relayed back and forth... so the Audiance will NOT see the competition, nor will the contestant, till the end!

In order to acomplish this, we need more volunteers to be contestants. As you can imagine, we definatly need to know in advance that we have the players for this game, and they need to have questions ready... or time to prepare themselves for what is to come. Those competing to answer correctly and win the chance at dating, must be at the game in advance, to be seperated from the crowds.

Please, don't wait until the last minute to decide on this! I already have two who sent me mail (thank you both so much) but if we are to give them a chance at a date, we need 6 willing men to be ready to show their stuff with great answers... and what about a man willing to try and find a new friend? Or three ladies willing to try and win a night on the town with an interesting fellow?

Please, send in your applications now to 72007,221 and first in, first called when it comes to being on the game! So, here's a way to find a special new friend... win a date with them!

Many thanks to Skeeve for his NO CONTEST, which had my kitty rolling in the aisle, and LOVE IS IN THE AIR by Lindy, which I found very romantic and uplifting.

LOVE IS IN THE AIR By Lindy

That faint smell of freshess as each day begins, Gives hope to the love that stirs within our souls. The gentle breeze brings forth whispers of songs filling our hearts with joy.

My love for you is bursting forth as the day grows on, And the breezes become more prominant. I am beckoned to shout to the far reaches of the universe of my all encompassing love for you.

The day has grown long and nightfall is upon us, You in my arms as we sit by the fire, I drink in your presence and am reminded of the gentle breezes once more.

No Contest

 Watch her move without a noise, stalk with silent feline poise, somehow moving without motion, now she's closer now she's frozen, eyes that burn in one direction concentrating on reflections of the tiny bells that cover ball of felt... but then it's over! leaping faster than eye's measure to the object, that with pleasure Kitty clutches in elation another victim of predation without mercy, claws extending ... now a bite ... and thus the ending. What's the tally for our hero? Kitty: Seven. KatToysfi: Zero. _____ // The Lost Avatar: Part 5 Return of the Chieftain by Christopher Storm, Sunray Knight _____

The Shadowbeast sat in his twisted treethrone, his luminous green eyes looking at the figure standing before him. His clawed hand absently stroked one of the panther's heads at his side as he spoke,

"I have grrrranted you grrrreat powerrrr, hunterrr of heads. Consider it a favorrrr, if you will. And all I ask in rrrreturrrn, is a favourrr frrrom you. This strrrangerrr who has come to Kymerrrr, 'Twen' as he calls himself, must not be allowed to rrreach the Orrrracles. You arrrre to ensurrre he does not."

"As you wish, Shadowbeast," Headhunter Chieftain replied, standing in the shadow of the great tree before him. "Is that all you ask of me?"

"Forrrr now. I may need to call on you again in the futurrrre. Until that time comes, you may rrrreturrrn to sprrrreading the chaos that you'rrre Alliance thrrrives on. Now go. Twen makes plans even now to meet with the Orrrracles."

"As you wish, Shadowbeast," came Headhunter's reply. He turned and stepped towards the dense trees at the edge of the dark clearing. The thin light that managed to filter through the treetops was not enough to reveal his new appearance, save for his eyes. They flashed from his skeletal features, pulsing red with an unholy power. As he vanished into the jungle, heading towards the city gates, the Shadowbeast looked to the far right edge of the clearing. From the darkness of the dense tree's a voice spoke,

"Do you think he will succeed, 'beast?"

"Not rrrreally," the Shadowbeast replied. "But by just crrrreating chaos in the city with his little alliance of frrriends, he will be serrrrving my purrrrpose. His chaos will distrrract the avatarrrs of the city, as well as the Orrracles. And when they have theirrrr attention on him..."

"...we attack," the voice from the trees finished the sentence.

Ding!

The elevator door swung open and Kintarra stepped out into the Terrace lobby. The muscular unicorn took only a second to locate Twen leaning up against the far wall, waiting for him.

"About time!" Twen said with a smile.

"Yeah, sorry I'm late. Not every night I meet with an Oracle, and I wanted to look my best! I still can't believe that I'm gonna be in the same room as an Oracle tonight!"

"I hope he can help me figure out a little more about my past. Or what I did to Headhunter Chieftain last week, for that matter. It seems there are just too many questions, and not enough answers."

"Sure does," Kintarra replied. "But I'm sure the Oracle can help. Especially since you told me about that encounter with that robed avatar you met in the jungle when you first arrived. It seems like they might know more about you than you do!"

"That's what I'm afraid of." Twen said with a slight frown. "What if I don't like what I find out about myself?" The image from his dream of the terrified woman returned to him, and Twen felt a shiver pass through his body.

The two of them stepped out onto the street and began to walk towards the temple where the rendevous was to take place. The cool night air wafted past them as they passed the Magic Shop.

"Uhm... hey Twen, I need to make a quick sidetrip and pick something up before the meeting." Kintarra said, breaking the silence. "You continue on and I will meet up with you there in a couple of minutes, okay?"

"Sure." Twen replied.

Kintarra nodded and jogged down Orchid Street towards the other end of the city. Watching him go for just a second, Twen turned and continued on towards the temple. The street was bare, most of the avatars either sleeping or out at the Bar-l-Bar. Walking alongside of the north edge of the fountain, Twen was lost in his own thoughts and did not notice as the Teleporter on his right began to hum. Only when the flash of activation signalled an arrival did Twen look up. Twen's eyes locked with Headhunter Chieftains.

* * * * * * * * * * * * * * *

"So we meet again," Headhunter hissed with a malicious smile.

"You!" Twen jumped back with a startled cry. His eyes took in the full sight of Headhunter Chieftain as he now appeared. The thief was at least twice as large as he was before, enormous muscles bulging beneath his tight black clothing. His skeletal hands now ended in enormous, razor-sharp claws, glinting in the moonlight. The most noticeable difference, however, were his eyes. The flared out of the recesses of his skull with a fiery red light, hinting at the deadly power he had aquired.

"That was quite the little trip you sent me on," Headhunter rumbled, "sending me to that damnable void like you did. It seems like you possess quite the little power in that puny body of yours. But now I have power too... have a look!"

Headhunter's clawed hand shot out with a speed that belied his huge size, slamming into Twen and knocking him clear across the street. Twen slammed into the wall of a building with a sharp crack!

"aaahn!" Twen shook his head to try and clear if of the pain, but the Headhunter had other plans. With a two strides he had cleared the street and towered over Twen. His clawed hand shot down wrapped around Twen's neck, lifting him from the ground and raising him up into the air.

"Ah, now you realize the folley of crossing my path!" Headhunter laughed with a vicious chuckle. "Now you learn the penalty for messing with the Chieftain, little fool!" Flexing his arm, Headhunter tightened his grip around Twen's neck.

"Uhm, excuse me, but that's my friend you're choking there." The voice came from behind Headhunter. Whirling around and dropping Twen to the ground, the monster that Headhunter Chieftain had become looked down at Kintarra. The unicorn's mane was blowing in the wind that had begun to blow, and moonlight was glinting off the tip of his horn.

"Come to die with him?" Headhunter smiled and began to reach down at the foolish little unicorn. Or not so foolish.

With a lightning quick move, Kintarra had snapped his hand back over his shoulder and withdrawn a gleaming katana sword. Continuing the motion he brought it slicing down with a "thunk!" into Headhunter's forearm. The thief let out a furious roar and stumbled back.

Kintarra smiled.

"These," he unsheathed a second one with his other hand, "were confiscated when I first arrived in the city. Through a few contacts I managed to finally slip them past customs just tonight. I was on my way back with them when I saw you attack Twen. Last time we met, Headhunter, you caught me by surprise. Not this time."

The unicorn's powerful legs propelled him up into the air,

soaring over Headhunter's head. While in midair Kintarra flipped and landed on the giant thief's back where he promptly drove both blades into Headhunter's back. Again the Chieftain roared. This time, however, he managed to snare Kintarra with his claws, and grabbing the unicorn, slammed him down hard into the pavement.

"Hurhn... urff..." Breathing hard, Headhunter Chieftain stepped towards the fallen unicorn, his eyes blazing with hatred. "Now you die, fool!" he growled with fury, raising both claws into the air and preparing to slice Kintarra to pieces. For the second time he was interrupted by a voice from behind,

"Not now. Not tonight. Not ever!"

This time the voice was Twen's, and when Headhunter spun to face the mysterious avatar he realized he had erred in turning his back to him. Twen was on his feet, his eyes glowing with an intense bluish white light. His hands were clenched into fists in front of him, and they too crackled with power.

Headhunter Chieftain didn't even have time to say anything before the blast erupted from Twen, lighting up the whole street, and in fact the city.

Meanwhile....

The crystal waters rushed by beneath the soaring bird as it skimmed the waves. Its feathers contained all the colors of the rainbow, and its small wings beat furiously as it raced over the shimmering water. Its small head looked up and its eyes focused on the distant object coming into view.

A ship.

The beautiful galley was bobbing up and down on the gentle waves, its sails unfurled as it made its way through the greenish blue waters. As the small parrot got closer to the ship, he could see that the captain was standing on the deck, looking out over the rail. Beating his wings twice as quickly as he had, the parrot shot like an arrow towards the ship.

"Aha!" The captain cried as he spotted the small bird come into view racing towards the ship. His normally pleasent smile was not to be found, instead the captain had a worried look on his face. As the parrot slowed up and came to a gliding landing on the rail in front of him, the captain spoke,

"The Argo has missed you Hermes. What word have you?"

"Rwaaaak! Its as you suspected Cap'n!" The colorful parrot replied.

"Rwaaak! There's a storm coming."

Steep uphill problems

Day 6

We arrived at the base of the Eastern Mountain Range on Sunday as Forthero the mule had scheduled. We had no further upsets in the Heath though sand has got into two of the chests and filled everybody's underclothes with grit. We are walking considerably more slowly now and scratching a lot. Tempers are fraught.

Day 7

An Ancient path or roadway was discovered that winds round the side of the mountain and I decided we should take this as far as it will go upwards. The climb was gentle enough until about 50m, then passage became difficult. Gradually the slope of the ground has become sufficiently steep that we cannot now walk from one side of the screen to the other without banging our heads on the top of the screen at the farthest end - and now we have reached a point where our bodies are too tall to pass through the gap between the top of the screen and the ground - even when we bow. We have encamped for the night to ponder the problem.

Day 8

Still encamped. Therefore this will be a boring entry unless I hasten to mention another lesser known problem with cliff path locales (apart from slantiness), namely that the DOWNWARDS direction on any cliff path screen is always a *technically* valid direction option. Well why is that a problem you ask? Well DOWNWARDS on a cliff path is the equivalent of stepping off the path to a 100m drop that is why!!! It was lucky we were all roped together by our bungee cords on the way up coming to think of it, because if I could have had a token for the amount of times the silly asses in my party chose the "Down" option thinking they were being clever and had to be pulled back up, because they had plunged headlong off the side of the mountain - well I'd be a Kymillionaire by now.

And now here we are, at the previously mentioned impassØ with the very same option again. We can go back (left) - we can go forward (right) - only we can't because the passage is too narrow, or we can go DOWN. I sent one of my party in said DOWN direction again this morning just in case, and sure enough there came back the familiar ESP of "AAAARRRRRGGggggggghhhhh.....!" and his head bobbed up and down a few times more with a plaintive expression on his face until the boing went out of his bungee and we could haul him back up. This is why we are still camped - I must admit I am confounded.

Day 8

Hit upon a plan today. Could we ghost and THEN travel rightwards??? I reasoned. It would be extremely dangerous because we would not be roped together while we were ghosted and who was to say that there wasn't another dirty great drop waiting for us on the next screen (we didn't know whether ghosts fell or not - because if we tested it and they did, then we would have no ropes to save them and they would surely get splattered). There was only one thing for it, I thought. "Right! Who's the stupidest?" I called out.

"Me!" volunteered a duckolyte and I believed him. "Right you. All you have to do is....." My typing trailed off as I gazed into his big blue eyes and looked upon his wide innocent grin. No I couldn't do it. I just could send this poor simple avatar off a cliff edge to his possible doom.... I would have to do it myself. Minutes later I was prepared. My party had all gathered round me sorrowfully (because they all loved me of course) and were drinking beer and laughing a lot (they were hysterical with grief I know it). I had written instructions for Forthero to get them all back home safely in case...in case....I didn't make it....and I poised myself to ghost. I shook hands with my party, Forthero and I apologised to each other and claimed we didn't REALLY hate one another (I was lying), then I ghosted....and went right.... Remarkably disappointing actually. Just Bally well more of the same on the other side, I was not impressed. I ESPed the others to follow, and we all ghosted, moved left and gathered on the other side one by one. Then we found we had all been standing around waiting for Forthero for a good ten minutes. And then I got irritated and ESPed him. "What in Morpheus' name are you doing back there man...er..mule! Come along, you're holding us up! Have you crashed!". "I can't ghost" whimpered Forthero back. "What?" "I said I can't ghost damn it >:-(It must be an avatar thing" Forthero snapped. "I don't think Mulevatars can ghost !!!" Well. This was a rum deal. "Oh. Well, hang on and don't worry. I'll save you" I replied and suppressed my evil laughter. We shall probably have to encamp again for tiffin while I ponder... Day 9 10:00 WAT I have installed the Duckolyte on one side of the impassØ and he has roped himself with Bungee to Forthero. Forthero was then instructed to throw the other end of the rope rightwards off screen to me and I have now attached this end to myself. We now plan to "encourage" Forthero to walk DOWNWARDS on the lefthand screen and me to haul him up on the right hand side - though he does not know this yet. I am secretly looking forward to this >:-). Day 9 10:15 WAT Slight problem with Forthero the mule. Obviously we should have recalibrated the Bungee because he now ESPs me and says he is jammed in a tree in a locale approximately 5m up. He says he can see the path however, so it has been suggested that we press on up the path and meet him later to untangle him. His typing was a little shaky but he reckons he can reach a ledge with about 3 days worth of grass to eat, and he can always take to scraping the moss off the rock with his teeth and eating that if the worst comes to the worst. There is a trickle of water he can just about reach to drink from, and assuming he doesn't loosen the rope in the mean time and plunge to his certain doom he should be just fine he assures me. Huh! This is all very well, but this means I am going to have to walk

Huh! This is all very well, but this means I am going to have to walk for the next few days. I am not amused.

I am wondering whether a makeshift sedan can be made out of bungee cord and chests???? (... // The Kymer 'Poste Restante' Service

Masked Angel _____

I am relatively new to WA (about 3 weeks on and off), and one of the first problems I encountered was trying to find an Avatar again in WA. I mean, you have a quick chat with someone, they say they have to go and log off. You would like to meet them again but have no way of contacting them. You don't have their UID, and just logging inworld and ESPing seems a pretty hit and miss affair.

So I came up with the idea of a 'Poste Restante' service in Kymer. Wouldn't it be nice if you could leave a message at a known point for another Avatar - by Avatar name - that they could pick up the next time they came inworld? I thought so.

So I thought about it some more and could see a way in which it could work, and I got some Software together to help out and tested it and its looking good.

It works like this. The Poste Restante service will have Avatars on duty at a particular spot (outside the Library for instance) at predefined timeslots. These timeslots will hopefully cover most Avatars normal times in WA. Any Avatar can leave a message for another Avatar with the Duty Operator (or MAilMAster). When an Avatar enters WA all they need to do is go to the Poste Restante and inquire if there are any messages for them. The MAilMAster on duty will then give them any messages being held for them. Simple really - and I hope a really useful service. The Software takes care of receiving, storing and handing out the mail (so the Operator doesn't have to do much except be there) and as it is all handled by ESP you don't even need to be in the same location as the MAilMAster.

In order to launch this new service, I need a core of Operators who are willing to take on a Timeslot (not necessarily every day, maybe once a week for say half an hour). If anybody is interested, could they please contact me.

Initially the service will be free to test it out and get it going, but eventually we may charge a nominal sum - say 5Ts for each deposit or collection. This money will go towards reimbursing the operators for the time they spend being MAilMAsters.

I would be interested in any views on the service, and especially would like to hear from Avatars (or Organisations) interested in being operators.

// Phantasus Dept. of Social Services: Adoption Agency

For many months now I have witnessed the formation of many special relationships in the Dreamscape. However until now only the relationship of marriage has been recognized under Kymerian and Phantasian Law. The Phantasus Adoption Agency is now here to provide avatars and inanimate objects alike with the chance now to officiate the parent-child relationship in the eyes of Morpheus.

For everyone out there who shares a special bond with another avatar or who has that special teddy/infantar/fuzzy in their life and desires a way to make it legal we are here to serve you.

The officiating can be something as simple as a library upload or as elaborate as a wedding ceremony. It's the family's decision. =-)

If you would like to book an appointment or have any questions please email me at 102212,1117 or reply to this via forum message.

Since this agency is in it's youth we are looking for your feedback. What can we offer you to make your life in the Dreamscape more enjoyable? It's all up to you! You can email suggestions.

Background: I have been in the Dreamscape for eight months now and previous experience in this field in officiating weddings. I can give references upon request.

Joe Blowsem up Chuck1 _____ // New Service: Prepaid Credit _____ In May, there will be a new service from Phantasus Credit called Prepaid Credit. I'm sure you all know what it is by the name. You will be able to pay now for credit that can be used to buy stuff later. You will be able to use it with all the existing Phantasus Credit supporters. The best feature is that you don't have to get a permanent number and go through a long registration process. All you have to do is pay me or any of the PAC helpers and you will be sent a list of supporters, your temporary number, and how much you have on your account. It's that simple. No bills to pay and no membership fees. Just the standard 9% PAC interest rates. In other words if you pay 50T, you will get 45T to spend. Another good feature is no spending limits. You can pay as much as you want.

This is not meant to replace the standard buy-now-pay later credit.

With the buy-now-pay-later version, you soon will be able to take money out of your account inworld. With prepaid, you have to pay right away. More info on this is coming soon.

If you are interested or want more info, please e-mail me at 76724,3017 Imagination

// Phantasus Credit

Have you ever gotten tired of waiting up to a half hour just for a game of Bingo to start? Well if you are then you need Phantasus Credit. It's a convenient alternative to tokens. When you play a Bingo game, all you have to do is ESP the host your account number and your payment and you are set to play. We already have over 25 members (and still growing). Here are the businesses that accept credit:

Pick-3 Lotto
Vivid Ads
The K-5 Group
Kymer Community Services (KCS)
Leadman's sports and events bets
Leadman's 3 out of 15 lotto
BINGO (some hosts including Leadman)
Honor Studios, Ltd.
GermanGiant's Yellow and White Pages

Other things you can do with credit is pay for things by e-mail instead of going inworld and finding someone.

If you want more information, there will be a Questions and Answers file released in the forum in a couple days. It should be called pacqal0.txt. Just keep looking in WorldsAway Life. Or you can e-mail me and I'll try to explain it from my head as best as I can. If you want to join, make sure you write your INWORLD NAME in the letter.

First Independent Turf Agency

// deutscher Text folgt //

Hi friends and visitors of Kymer, today it is a great pleasure for me to announce the foundation of a new agency in Kymer.

As you surely heard, TURFS will soon be to released in Kymer. At this time, nobody knows exactly, how turfs will appear In-World, but some abilities are already published. So it will be possible to share a turf with some other avatars (up to 16 owners). And of course to share the rent as well.

This agency is established to make things easier.

Do you want to share a turf with somebody and don't know with whom? Do you look for a special time, being alone in a turf with a friend? Do you look for a special interest group, coming together in a turf? Do you want to cancel your lease agreement?

This new agency will help you.

It's not sure, how turfs will be distributed, but if you want to be on the FITA queue, email me.

To be as flexible as possible for the agency, it is necessary that the price for entering the queue will be about 100T. This is, in my opinion, a really fair price which also newbies can afford. I don't want to make any big profit, so if in any reason, the FITA couldn't keep that promise you will get your money back (promised).

Your email should include your avatars name, a suggestion to meet and pay, and a short description of your interests In-World, so I could make a good selection in joining shared turfs. The other possibility is, to meet me In-World. I will be present during the week at 11:00am till 1:pm and on weekend/eastern perhaps longer, but no fixed time.

On the other hand, I'm looking for some partners, to help me in FITA. I'm calling from Europe, so it will be useful, if some avatars from USA and/or Down Under will join the FITA.

your sincerely

Baghira, UID: 100541,2735

German translation

Hallo Freunde und Besucher Kymers, es ist eine gro e Freude fuer mich, heute die Gruendung einer neuen Agentur in Kymer anzukuendigen.

Wie Ihr sicher gehoert habt, werden bald Wohnungen/Appartementes in Kymer zur Verfuegung gestellt.

Im Moment weiss zwar noch keiner wie das mit den Turfs werden soll, aber einige Moeglichkeiten sind schon veroeffentlicht worden. So wird es moeglich sein, dass mehrere Avatars sich ein Turf teilen (bis zu 16 Bewohner). Natuerlich wird dann auch die Miete geteilt.

Diese Agentur ist gegruendet worden, um Dinge einfacher zu gestalten.

Weisst du nicht mit wem du eine Wohnung teilen sollst? Moechtest Du zu einem bestimmten Zeitpunkt mit einem Freund/Freundin allein in einer Wohnung sein? Moechtest Du in Deiner Wohnung Leute treffen, die aehnliche Interessen haben?

Moechtest Du Deinen Wohnungsanteil verkaufen?

Diese Agentur wird Dir dabei helfen.

Zur Zeit ist noch nicht bekannt, wie die Wohnungen verteilt werden, doch wenn Du auf die FITA Warteliste kommen moechtest, sende eine Email an mich.

Um moeglichst flexibel beim An- und Vermieten von Wohnungen zu sein, finde ich es notwendig, dass der Preis um auf die Liste zu gelangen 100 Tokens betraegt. Dieser Betrag ist meiner Meinung nach sehr fair, und auch von Newbies aufzubringen. Ich moechte mit dieser Aktion keinen grossen Profit machen, darum verspreche ich, dass jeder seinen Beitrag zurueckerhaelt, sollte ueber die FITA die Wohnungsvergabe nicht wie geplant stattfinden koennen.

Deine Email sollte deinen Avatarnamen, einen Zeitpunkt InWorld zum Treffen und Bezahlen, und eine kurze Beschreibung Deiner Interessen InWorld enthalten, damit eine harmonische Zusammenstellung von Wohnungsgemeinschaften moeglich ist. Eine andere Moeglichkeit ist natuerlich mich direkt in Kymer anzusprechen. Ich bin normalerweise von 21:00 (Telekom Billigtarif) bis 23:00 (11:00 bis 13:00 WA) in Kymer, am Wochendende und Ostern wahrscheinlich laenger. Allerdings habe ich keine feste Uhrzeit.

Auf der anderen Seite suche ich noch Partner f?r die FITA. Da ich aus Europa komme, waere es praktisch, wenn die Avatars aus USA oder DownUnder kommen wuerden.
