MAD Results By Acolyte Brynne

---

What a turnout there was for MAD today!! The highest ghost cloud count that I checked was 99 ... although I'm told that there were times the count exceeded 100 ghosts! Thanks to everyone who stopped by to watch the fun and get in the running for one of our great door prizes!

Medley was our big winner of the Dragon Head (engraved: MAD\_Special\_Prize\_3/97) along with three green/gold chests (one filled with a full set of rare head paints and another filled with a full set of rare body paints). Congrats Medley!

Misty was the big winner of our Door Prizes -- the grand prize was a 2-room turf, rent paid thru June 7, complete with a fire in the fireplace, flowers on the mantle and on either side of the fireplace, a Romance Chest, and three green/gold chests filled with one each of every color of Turf Spray Paint! And that wasn't all! Brains and I had budgeted 20K tokens for the dealing session ... nobody took our

tokens. So, for this grand prize we threw in another prize consisting of 10,000 tokens! Congrats Misty!

All of our players (Wheeler Dealers with the chests and winners of the Door Prizes) got great prizes! Here's a list of who got what:

MAD chest contents:

1) @Dark Sun@ Duckolyte Sr. Wing: Dark Sun got one of the trick chests <g> A box inside of a box inside of a box inside of a box with a few chill pills thrown in for good measure and finally got to \*the\* prize which was a Love Chest with a Golden Candleholder and 8 green candles!

2) Angelika waited nearly 3-1/2 hours to have her chest opened and found it contained one of the \*original\* Cute Elf Heads painted rare green.

3) Lord Fummoner \*Needle Nose\*: found a Green chest with rare head spray and the matching body spray.

4) Brin Brown got lucky with a green chest containing one of the \*original\* Woman heads, a glass of wine and 100T.

5) Avatar0000 found a green sack with Kymer Country Comfort and 500Ts; he got his dealing turn in the second half and we started undecorating the turf by giving him one of the ferns from the fireplace, too.

6) Honey-Chief Golden Knight, who found the first chest I put out about 9:10 a.m. WAT (I no sooner set it down when she swooped down from that ghost cloud and scarfed it up), got a green sack filled with a New Year's 96 dark green balloon and a Fern Day Commemorative Prize.

7) McDuck uncovered a green sack with Sparkolyte Soda, a Karnival 96 Souvenir Mask, 150T and we gave him one of the ferns decorating the MAD turf.

8) Muchas, who was really hoping for that Cute Elf Head to finish his collection, was still pleased with the Viridian head painted rare green and 300T.

9) PCI (Iron Claw MC VC) got a Heart chest with a Cub Sprout and a rose head painted rare green.

10) Galador was thrilled with his Ice Cream head painted rare green and the matching green paint.

11) Shyman, our first dealer of the day, found a Monster head painted rare green and 100Ts inside his MAD chest.

12) Unga Bunga Duckolyte Sr. Wing found a pic\_in\_ic basket containing a brown fuzzie (yes, one of the \*beta\* fuzzies) and a Temple Garden Fruit.

13) Tosk@ walked away with a pumpkin chest containing green head spray and 200T.

14) Franky (GER): red/green chest containing a fern head (painted rare green, of course!) and matching rare green body paint.

15) Prince Noghri found one of those hard-to-find Red Space chests, inside which were a pear and 250T.

16) Lord Pumpernickel Braveheart: romance chest, a New Year's 96 light green balloon, a bottle of Sparkling Cider 96 and 500T.

17) Sam Clemens, Duckolyte Sr. Wing: Torgersen Teddy and 250T

18) Leadman III found a tree decorated with four rare head and body paints

19) P@r@sit: a Wreath and 150T

Way to go all!!!

For our door prizes:

\*\* Lace and Shar each won a tree decorated with 9 ornamental candles and an angel

\*\* Ashley won a Cub Sprout

\*\* Street Cad Azoo got a Torgersen Teddy and one of our ferns from the fireplace

\*\* King of Kymer got lucky when Brains announced an impromptu door prize of 250T

\*\* Roseanne won a pair of Love and Romance chests

\*\* Naughty Too also got one of our impromptu door prizes, 500T and a fern

Winners of the other two turfs donated by Jal and Sweet Suz were: Dandelo and Jumping Bean J. Each of these turfs have their rent paid through June 12, a fire in the fireplace, a Petunia Bear sitting waiting for companionship, a Love chest, spring flowers and candles on the mantle and those gorgeous towering vases of flowers on either side.

Now ... there is one thing else that I'd like to mention. Ordinarily, I don't listen to rumors and gossip. I don't give them the time of day, actually; I despise that kind of thing. However, as I was ghosting around Phantasus trying to stay one step ahead of everyone who was out looking for MAD chests, I happened upon a locale where two avatars were discussing MAD. I understand that there are people in the world who suspect corruption in everything that any other person does. However, I would like to kill this rumor here and now. The rumor was that all the winners of the MAD chests had been \*pre-determined\* ... that Brains and I somehow arranged to make sure that the winners of the chests got them before hand.

I would like to assure all of you reading this (and hope that you will take it inworld with you to mention if and when the subject comes up) that this was NOT the case at all. Every single one of the 20 chests were hidden in a locale with the effort to put them down when there was no one there and that was \*NOT\* easy. There are many who can attest to seeing us put a chest down, and, when a ghost entered, pick it back up, ghost and find somewhere else. Brains and I both put a lot of effort into MAD ... you can see that, I'm sure, just by the

quality of the prizes. This event cost us an enormous amount of tokens (just that main prize turf alone cost about 3800T \*excluding\* the 10K we threw in at the end of MAD). We both were inworld early this morning ... I arrived about 7:30 a.m. WAT, Brains had already been there. Neither of us left until close to 3:00 p.m. WAT because that is how much \*actual\* time this event takes to just hide chests, host and be there early enough to answer questions. We would hardly sabotage all our time, efforts and tokens just to pre-determine the winners. Enough said.

Thanks to all of our players and all of our spectators for making this event as much fun to host as it is to play! Thanks to Jal and Sweet Suz for the donation of the two turfs and special thanks to Jal for acting as our "bouncer". <g> And very special thanks to Brains who offered to co-host with me when I made the decision to bring MAD back.

Look for MAD again maybe in April but \*definitely\* in May!
